Education of Native Americans

## Comments from SIENA Conference Attendees

Great prep & planning for event.  
It would be great to see this event grow!

His spiritual message - never  
hear this type of encouragement  
from leaders.

I think this conference was fun & awesome.  
If it was better students would not want to  
go back home!

His stories made me  
feel amazing to be a native

Thank you  
Thank you  
Thank you!

Yes it did, I'm not going to have any type of  
sexual contact till I'm older & I am protected

The students asked a lot of questions  
which was great, they all were engaged  
in the topic, we all learned ~~so~~ so much.

Yes, because he's a really great speaker & makes people  
understand, also could inspire people. & also makes you think  
differently about yourself.
